

SAN DIEGO ROOFING CONTRACTORS ASSOCIATION

From the President...

Talking with other roofing contractors, it seems that we are all filling up with work. It is a great boost for our industry. Here's looking forward to a strong start to next year. The little bid of rain on Halloween night hopefully was a tease of bigger things to come.

On November 12th, the SDRCA will be holding its Annual Dinner Meeting to select new officers and lay out plans for 2015. The SDRCA Board must have at least three contractors or their representatives to serve on the Board along with any associate members that wish to participate.

Our association needs more contractors to serve as board members. If you want to become more involved in the promotion, education, and training of the members of the SDRCA please contact us. The obligation of serving on the Board is not that time consuming, once a month conference call, 4-5 dinner meetings, and a few events each year.

Now that we are entering the Holiday Season, (where did the year go?), I would like to wish everyone a safe, happy, and festive time.

The San Diego Roofing Contractors' Association (SDRCA) has been serving the Roofing Industry for over forty years.

Times, techniques and technology has changed, but the SDRCA Core Values, Code of Ethics, Mission and Vision Statement has not. The 2014 Board of Director Team is committed and dedicated to serving our members and this association with new education, resources, training and savings for the purpose of helping our members continue a tradition of profitability and professionalism in our industry.

It is the intent of this Association to establish and maintain professional standards and practices in the Roofing Industry through education and public awareness. Our members are committed to excellence and they use the benefits offered by the Association to help obtain this goal. The SDRCA encourages you to become fully aware of the potential problems of dealing with an unlicensed, uninsured roofer.

The SDRCA was formed in 1957 to preserve and promote the art of roofing application. SDRCA members recognize that after 57 years of innovation in roofing technology and application, the following goals are as meaningful and relevant today as they were yesterday and will be tomorrow.

The SDRCA remains a strong supporter of open competition and the free enterprise system; indeed, this competitive environment led to the success of its members. SDRCA members recognize that the perpetuation of such a healthy business environment is greatly influenced by their own professional conduct. The SDRCA supports the following practices, and encourages them in its members.

SDRCA Member Code of Ethics:

1. To conduct my business in an ethical manner, so that I will reflect credit and confidence by the public in our industry as well as my own business.
2. To consider my vocation worthy and dignified and thus affording a distinct opportunity to serve society.
3. To hold that the exchange of my goods and service for a fair profit is legitimate and ethical, provided all parties in the exchange are benefited.
4. To elevate the standards of my vocation by exercising a high degree of care in the execution of all work, and correct any defective work as a direct challenge to my ability and integrity.
5. To protect and defend the public from fraudulent and unethical practices affecting our industry.
6. To cooperate with the association in its effort to better conditions in the industry, so that public, management, capital and labor will all mutually benefit.
7. To operate my business in accordance with the rules and regulations of constituted authority at all levels and in a manner which will leave no doubt as to my loyalty to my country and its ideals and fundamental principles.

The SDRCA Mission Statement:

The mission of the San Diego Roofing Contractors' Association is to establish and maintain professional standards and practices in the roofing industry through education and public awareness.
Adopted January 1997

To elevate...To protect and defend...To cooperate...so that all benefit.
